## **Saturday June 10th**

**Open House 1:00 pm - 5:00 pm**

Take advantage of the time to visit the church building in an informal setting.

Sit down and enjoy coffee and treats; these will be available all afternoon in the church basement. You might even find people to reminisce or catch up with.

Things you may want to spend time looking at and enjoying include:

The Church Photo Gallery - Located in the basement, there is a wall mounted photo gallery. This is located on the north wall, just outside the kitchen. For a blast from the past, look up the photo of your confirmation class.

The Kitchen - Take a walk through the kitchen. How much has changed since you last served an event?

The Church Nave- A good place for quiet contemplation. Enjoy the beauty of the structure.

The Church Library - Located to the front left of the Nave, the Library has many items of church history on display. One of the many items is the organ that originated from St. Paul's Lutheran Church in Monango.

Youth Room - If you are able, the stairs just off of Pastor's office will lead up to the room used for LYF and Youth Bible Class.

The Children's Rooms - There is a nursery in the first room on the west wall. Following, there are many Sunday School rooms.

Quilting: In the closet of the last room in the basement, the quilters have supplies for making quilts.
